ARC AM

Perfection Cubed

solo rCube

Audiophile iPod Dock

Evolution. From the first steps taken within the audiophile world we have perfected every category to bring your music and movies to life. We proudly introduce to you the latest creation from ARC AM; the rCube. We have condensed every perfected technology we have done to date and thus the rCube was born. iPhone compatible, lightweight and extremely portable with a charge that will last for hours upon hours; the ARC AM rCube promotes a stress free and wireless lifestyle.
