

SOUNDCAST™
InfoKnowledge

Perfect together!

Offer your Sonos customers the ultimate outdoor zone!

Sonos offers a unique and popular indoor wireless audio system. But coupled with Soundcast's OutCast models, you now have the ultimate outdoor solution. Not only will your customers be able to listen to their music anywhere outside the home, they can take OutCast with them to enjoy at the beach, tailgating, picnics, etc. Hard to integrate? Lets see...

- Sonos ZP90 analog audio out to iCast or UAT analog input via RCA connectors.

That's it!

Plus

iCast

Or

UAT
